EXPERIENCE

Python Developer

Jan 2026 – Present

Rimik Technology

- Designing and developing scalable backend applications using Flask, Django and FastAPI
- Building secure RESTful APIs and integrating third-party services
- Deploying and managing production applications on AWS with Docker and Nginx
- Optimizing database queries and improving system performance using Redis caching
- Collaborating with cross-functional teams to deliver high-quality software solutions

Python Developer

July 2025 – Dec 2025

Media Tech Temple, Bharatpur, Rajasthan

- Developed scalable backend systems and REST APIs, improving operational efficiency by 35%
- Led end-to-end development of the Media Tech Temple Management System
- Implemented customer support automation, reducing response time by 40%
- Optimized system performance and deployment, achieving 99.9% uptime

TECHNICAL SKILLS

- **Languages:** Python, Core Java, JavaScript
- **Frameworks:** Django, DRF, Flask, FastAPI, Numpy, Pandas, Playwright
- **Databases:** PostgreSQL, MySQL, SQLite, Dbrave, Render, SupaBase, NeonDb,
- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript, Ajax
- **Tools:** AWS, Docker, Git, Celery, Redis, Nginx, Gunicorn, Linux, VS Code, Slack

PROJECTS

Customizable E-commerce Platform

Django, Celery, Redis, PostgreSQL Live Demo

- Developed a production-ready e-commerce platform with admin-driven UI customization
- Enabled dynamic control of navbar, banners, and homepage content without code changes
- Implemented real-time order tracking using WebSockets for live status updates
- Integrated payment gateway and optimized background processing using Celery and Redis

Media Tech Temple Management System

Python, Django, PostgreSQL

- Built a centralized management system with role-based access control and workflow automation
- Improved operational efficiency by streamlining internal processes and data handling

Invoice Generator (REST API)

Flask, HTML, CSS

- Developed RESTful APIs for invoice generation with automated PDF creation and data handling

Expense Tracker Application

Django, HTML, CSS

- Built an expense management system with transaction tracking and basic data visualization

EDUCATION

Bachelor of Technology in Computer Science

2021 – 2025

Rungta College of Engineering and Technology, Bhilai, Chhattisgarh

CERTIFICATIONS

- Data Structures and Algorithms – Coding Shuttle
- Software Engineer Intern – HackerRank
- Python Programming – Infosys Springboard
- AWS Cloud Fundamentals – Scaler

Languages: English, Hindi
